The **American Physical Therapy Association (APTA)** has developed a recommended **Outpatient History Form**. Contact the Association to obtain permission to use this form, which is available in the **Interactive Guide to Physical Therapist Practice With Catalog of Tests and Measures**. If you e-mail ([info@csmisolutions.com](mailto:info@csmisolutions.com)) this form to CSMI we will add your clinic information to it and return it to you in a .pdf format. Please note that we cannot customize this form or plug it into your Web site without proof of permission from APTA. There is a charge for this service.

.

### Hint:

To post a form on your website it should be in a .pdf format. To save a form as a .pdf you need a copy of Adobe Acrobat. This is different from Adobe Reader, which is free but can only read .pdf files. You can purchase a copy of Adobe Acrobat at most electronic stores or on-line at ([www.adobe.com](http://www.adobe.com)). Or you may e-mail us your forms and we will convert them to a .pdf format on a per form charge.
